SUMMARY

3D artist turned Technical Artist. For the last 5 years I've been building the pipeline that gets our assets from 3ds Max into Unity and Babylon.js apps for mobile and web. Now I lead a team of 9 artists.

SKILLS

- **Asset pipelines:** DCC to Unity export, scene validation and auto-fixing, batch FBX export, naming conventions.
- **Mobile optimization:** polycount, UVs and lightmap atlases, texture compression (BasisU), memory and draw calls.
- **Code:** C# (Unity Editor tools), MAXScript, Python (Qt / PySide2), PowerShell.
- **Tools:** 3ds Max, Unity, Photoshop, Illustrator, Substance Painter, Git, Deadline, Maya (basic).

SELECTED TOOLS

- **Floor Plan to 3D (3ds Max, MCP, MaxScript):** five connected tools that take a PDF floor plan to a bake-ready scene.
- **OneClick Export (3ds Max):** detects and fixes scene errors, then exports hundreds of FBX straight into Unity.
- **Unity Editor tools (C#):** scene setup, asset placement (up to 30% faster) and tagging.
- **Quick Scene Switcher (3ds Max, Python/Qt):** edit, save and export 40+ scenes in 5 min instead of 2 h.
- **Render Farm Post-Process (Deadline):** distributed BasisU compression, up to 6 h saved per project.

EXPERIENCE

Custhome | Valencia, Spain

Interactive 3D applications for Mobile/WebGL · Oct 2021 – Present

Lead Technical Artist · *Sep 2025 – Present*

- Lead a team of 9 artists: I set the tools, standards and budgets they work with.
- Validate assets against Mobile/WebGL performance budgets before delivery.

Technical Artist | Pipeline & Tools Developer · *Sep 2022 – Sep 2025*

- Built and maintained the production pipeline connecting 3ds Max, Photoshop, Unity and the render farm; sole author of the internal tools repository.
- Set naming conventions, folder structures and documentation; mentored 12+ artists.

3D Artist · *Oct 2021 – Sep 2022*

- Real-time assets for Mobile/WebGL; wrote my first MAXScript tools.

Earlier

- **3D Artist** at AZVizFactory (2017 – 2019) and freelance (2016 – 2017): architectural visualization and Unreal Engine.

EDUCATION & LANGUAGES

Audiovisual & Multimedia degree, ERAM Girona (2011 – 2015) · Spanish and Catalan (native), English (B2)
